'The Parks' is situated on the lower slopes of North Hill, the famous landmark of Minehead, which is known as the 'Gateway to Exmoor'. The Southwest Coastal Path actually begins in Minehead, with the surrounding hills and valleys providing an ideal setting for walkers and cyclists alike.

Exmoor is the perfect base for those who appreciate beautiful countryside and coastline, and if you enjoy nature, Exmoor offers an abundance of species, such as wild red deer and the Exmoor ponies.

The Parks is within easy walking distance to the town of Minehead with it's plentiful restaurants, cafés and bars, and also the seafront, the harbour and the famous West Somerset Steam Railway.

The Parks provides the perfect location whether you are looking for fun or relaxation. If your visit is for business or pleasure Bryan & Sarah guarantee a warm welcome and will ensure an enjoyable, comfortable and memorable stay.
